- Cut solid lines
- Fold dashed lines
- Apply adhesive where indicated

Final box size should measure
2.5625" x 3.5625" x .65"

DATE IDEAS CARDS

how it works

Enclosed are 52 cards containing ideas for date nights. Plan out one date a week for the entire year, or spread them out to last over a couple years, or more. Go on your dates in order, or shuffle them up and pick one out of the stack.

Each card includes a place for you to document when the date took place, a rating of how it went and a spot to write in memories from your experience.
