

These undies are to last you  
All throughout your life  
And hubbie will be pleased to say  
He has a sexy wife!

So listen up to hear about  
Your lifelong panty plan  
This underwear, I have no doubt  
Will last your whole life span.

The first are for your honeymoon  
They're sexy and *all lace*  
I hope you'll leave your hotel room  
And check out the gorgeous place!

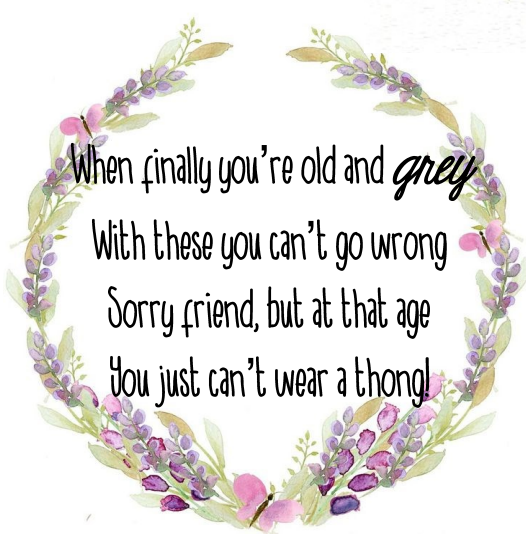

After a year has passed you'll face  
Anniversary number one  
With these you'll surely have a blast  
Cuz *leopards* so much fun!

On Valentine's day you'll wear this pair  
Before you hit the bed  
Cuz cupid's arrow in the air  
Shoots tooshies that are *RED*

And when the time is right for you,  
And don't be saying "maybe"  
You'll wear your little *PINK OR BLUE*  
In honour of your baby!

When finally you're old and *grey*  
With these you can't go wrong  
Sorry friend, but at that age  
You just can't wear a thong!

After 10 years of married life  
You'll still be going strong  
But if you need a little boost  
Just wear this *sexy thong!*
